

PECB Certified ISO 31000 Lead Manager

Why should you attend?

During this training course, you will also gain a thorough understanding of the best practice of Risk Management and be able to effectively apply them in an organization in order to successfully implement a Risk management process.

After mastering all the necessary concepts of Risk Management, you can sit for the exam and apply for a “PECB Certified ISO 31000 Risk Manager” credential. By holding a PECB Certificate, you will demonstrate that you have the practical knowledge and skills to effectively manage a risk process in an organization.

Who should attend?

- Managers or consultants responsible for the effective management of risk within an organization
- Individuals seeking to gain comprehensive knowledge of Risk Management concepts, processes and principles
- Advisor involved in Risk Management

Learning objectives

- Understand the fundamental concepts and principles of ISO 31000 standards
- Acquire knowledge on how to apply the risk management principles to ensure the effective implementation of a risk management process based on ISO 31000 and other best practices
- Comprehend the approaches, methods and techniques used to manage risk within an organization
- Learn how to interpret ISO 31000 recommendations regarding the design and implementation of a risk management framework

Educational approach

- This training is based on both theory and best practices used in Risk Management
- Lecture sessions are illustrated with examples based on case studies
- Practical exercises are based on a case study which includes role playing and discussions
- Practice tests are similar to the Certification Exam

Prerequisites

A fundamental understanding of ISO 31000 and comprehensive knowledge of Risk Management.

Course agenda

Day 1: Introduction to risk management principles and framework based on ISO 31000

Day 2: Risk management process based on ISO 31000
