

PECB Certified ISO/IEC 27002 Foundation

Why should you attend?

ISO/IEC 27002 Foundation training enables you to learn the basic elements to implement Information Security Controls as specified in ISO/IEC 27002. During this training course, you will be able to understand how ISO/IEC 27001 and ISO/IEC 27002 are related to ISO/IEC 27003 (Guidelines for the implementation of ISMS), ISO/IEC 27004 (Measurement of Information Security) and ISO/IEC 27005 (Risk Management in Information Security).

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO/IEC 27002 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies and management approach.

Who should attend?

- Individuals interested in Information Security Management and Information Security Controls
- Individuals seeking to gain knowledge about the main processes of an Information Security Management System and Information Security Controls
- Individuals interested to pursue a career in Information Security Management

Learning objectives

- Understand the implementation of Information Security Controls in accordance with ISO/IEC 27002
- Acknowledge the correlation between ISO/IEC 27001, ISO/IEC 27002 and other standards and regulatory frameworks
- Understand the approaches, methods and techniques used for the implementation of Information Security Controls

Educational approach

- Lecture sessions are illustrated with practical questions and examples
- Practical exercises include examples and discussions
- Practice tests are similar to the Certification Exam

Course Agenda

Day 1: Introduction to ISO/IEC 27002 and Information Security Management System

Day 2: ISO/IEC 27002 Controls and Certification Exam

Examination
